KEVIN ANDERSON

✉ kevinrouse105@gmail.com in linkedin.com/in/kevinrouse ○ github.com/Barthmalemew

Education

East Carolina University, Wayne Community College Greenville, NC - Goldsboro, NC
Associates of Science *May, 2022*
- **Selected Coursework:** Linear Algebra, Data Structures, Algorithms, Discrete mathematics

Experience

ECU ACM Chapter Greenville, NC
Treasurer *August 2023 - TBH*
- Allocated funding for future events such as the annual spark hackathon
- requested additional funding for potential other events such as a trip to HackNC

Personal Projects

Triangular Arbitrage (Hackathon, Spark 2023) - LINK **January, 2023**
- Helped in a team of four people to create a program that displayed the conversion of currency in real time. I Personally worked on the integration of the krakenx API and the makeshift turtle GUI we built.

Community Trader (Hackathon, HackNC 2023) - LINK **October, 2023**
- Led a group to create the back-end of a system that would serve small communities and retailers to manage excess goods and avoid lost costs and cut down on inflation caused by bulk buying.

Technical Skills

Languages: C++, Lua, C#
Developer Tools: Neovim, VS 2023 Community, Unity, Linux
Technologies/Frameworks: Love2d, win forms, RHEL
